

Greetings!

We are inviting you to take advantage of our 2026 Equine Wellness Program. We have been offering our Wellness Program to our clients for more than a decade. This year we have adjusted our program to meet the needs of more clients at a great value! Based on your use of our services in the past, we feel that our Wellness Program would be a great benefit to you and your horse(s).

This program is a comprehensive package that includes all of your horse's recommended preventative care requirements for the year. **Clients who enroll their horses in our Wellness Program save 20% on all of the included services!**

The program consists of both spring and fall appointments as well as an optional summer appointment for a Potomac Horse Fever vaccine. The spring appointment includes a wellness examination, core vaccinations, fecal egg count test, and dewormer. The fall appointment includes a short exam with a dental check, fecal egg count test, and dewormer. Additionally, both spring and fall appointments come with several add-on services we believe are essential for any wellness program. Bonus, if you are outside of our call radius, we are happy to see your horses for in-clinic appointments as well!

Dental flotation will be included in the wellness discount and be assessed on an as needed basis at your horses' spring and fall appointments. These procedures will need to take place AT THE TIME of the scheduled wellness appointments to receive the discount.

New this year, we are going to start offering discounted Vitamin E testing for our wellness horses. Given our region is low in Vitamin E in our soil, we believe it is a necessary addition to our wellness program add-on services.

More detailed information about the program can be found on our website, www.buffaloequine.com, or feel free to call the office at 763-682-2225 for assistance. If you would like to enroll your horse, we have included an enrollment form and appointment scheduler with this letter.

Enrollment is available for a limited time only. All forms and payments must be received by February 13th.

We look forward to seeing you and your horses in 2026!

Sincerely,

The Doctors and Staff of Buffalo Equine
